

SPYRIDON TSILIMPOKOS

s.e.tsilimpokos@gmail.com | 6946914831 | Athens | github.com/Tsilispyr | tsilispyr.github.io

Graduate in Informatics & Telematics (BSc) and postgraduate student in Data Science & AI (MSc) - Harokopio University. I focus on designing algorithms for autonomous systems, big data pipelines, ML and full- stack development. I adapt quickly to new technologies and work effectively both independently and as part of a team.

EDUCATION

BSc Informatics & Telematics - Harokopio University

Sep 2021 - Sep 2025

MSc Data Science & AI - Harokopio University

Oct 2025 - Sep 2026

Design and Development of Unmanned Aerial Systems (UAS) - NKUA

Oct 2025 - Jun 2026

Entrepreneurship and Strategic Planning for the Future in an Environment of Uncertainty - NKUA

Dec 2025 - Feb 2026

KEY PROJECTS (Complete &/or Ongoing)

SAR UMS Simulation Platform - Full- stack simulator of autonomous search & rescue vehicles on real OSM.

FastAPI | Python | Docker | A Pathfinding | NetworkX | Leaflet.js | Chart.js | OpenStreetMap*

AudioWeb - YouTube→MP3 conversion platform with cloud library, in-browser player & WebGL visualizer.

Flask | MinIO (S3) | PostgreSQL | Docker | yt-dlp | Web Audio API | Butterchurn

Thesis (10/10): Algorithms for managing unmanned vehicles for search & rescue missions.

Big Data - Entity Resolution (Grade 9)

PySpark | Jaccard Similarity | $F1 > 0.87$

Graph DB & ETL - Shakespeare (Grade 9)

Neo4j | Cypher | Spark SQL | Docker

ML - Netflix Recommendation System (Grade 9)

Python | TF-IDF | K-Means | Isolation Forest

Data Mining - Air Traffic Prediction (Grade 10)

KNIME | Random Forest | GBT | ~79% accuracy

Distributed Systems - Crowdfunding (46.5/50)

Vue.js | REST API | Backend/Frontend split

DevOps - Pet Adoption Platform (Grade 10)

Docker | RabbitMQ | MinIO | Admin UI

AI - Pacman Agents (Grade 10)

Search Algorithms | Python | Autonomous Agents

CVD Risk Prediction - ATTICA Study (Grade 9)

R | Logistic Regression | PCA | AUC 0.917

Agentic RAG

Python | LangGraph | Chainlit | Qdrant | Docker

CV - Computer Vision

Python | PyTorch | OpenCV | U-Net | CNN | ViT | SSIM

Graph Classification - ENZYMES

Python | PyTorch Geometric | GCN | GIN | Node2Vec

NLP & IR - Reddit Clustering

Python | TF-IDF | LSA | Word2Vec | Sentence Transformers | HDBSCAN

MLP from Scratch

Python | NumPy | Backpropagation | BCE Loss | Skip Connection

Food-11 Image Classification

Python | PyTorch | CNN | ResNet50 | VGG16 | DenseNet121

Attention & Transformer Analysis

Python | NumPy | PyTorch | HuggingFace | BERT | Self/Cross-Attention

TECHNICAL SKILLS

Languages: Python, Java, R, SQL, JavaScript, C, Shell

Frameworks: FastAPI, Flask, Vue.js, Spring REST

Data/ML: Spark, Hadoop, KNIME, Scikit-learn, Neo4j, KNIME

Infra: Docker, MinIO, RabbitMQ, PostgreSQL, nginx, Git

PROFESSIONAL EXPERIENCE

Accounting Office Assistant - Psimadas Marinos Nikolaos, Agrinio

Jan 2019 - Dec 2021

Sorting, filing, accounting transactions, secretarial support.

Office Employee - Gameathlon

Nov 2024

Salesperson - Retail

Feb 2025

LANGUAGES & CERTIFICATES

ENGLISH (Michigan Proficiency)

Fluent

GERMAN (Zertifikat B1)

Intermediate

2017 CERTIFICATION ECDL ADVANCED/EXPERT

2022 CERTIFICATION Specialist in the use of techniques and tools for Social Media & Marketing

2025 Customer First - Hatzi Skevofylaka

2025 TIME MANAGEMENT - HATZI FILAX GROUP

2024 - 2025 Professional Skills CERTIFICATION, Info Days of the Studies and Career Liaison Office of Harokopio University.

Dec 2025 - Feb 2026 Training Program «Entrepreneurship and Strategic Planning for the Future in an Environment of Uncertainty» NKUA

Oct 2025 - Jun 2026 Training Program «Design and Development of Unmanned Aerial Systems (UAS)» NKUA
